### SOURCE

1. Koellmannwerke Leipzig VEB.\* Since 1 March 1952 breech-blocks for model 120 guns have been manufactured here. They are like the breech-blocks produced here in 1944. According to report, they are to be delivered to Czechoslovakia. There are drawings in the works written in both German and Czech.
2. DKF Kugellagerwerk Leipzig-Boehlitz-Ehrenberg. In the middle of February 1952 steel from the Soviet Union was delivered at this plant which, in the opinion of the testing department, is better suited for ball bearings than the steel delivered from Sweden. Additional tests are called for.
3. VVB Kantas Leipziger Gummiwaren, Leipzig W31, Jahnstrasse 80-82. This plant makes indicator solutions and extracts of rubber and synthetics, 75 percent of which are delivered to the Soviet Union.

*2	Comment: VVB IFA.
